Domain Name Leasing

Price Calculation

When calculating a price for a domain name we take into account the following:

- Marketability
- Brand Recognition
- Whether a ".com" or another ending

The majority of our domain names are available for sale or lease.

Lease a domain name from only £99 a month!

From only £99 a month you can now have one of our domain names redirecting traffic to your web-site.

Leasing one of our domain names is one of the cheapest and effective ways on the internet to reach your target audience.

All of the visitors that arrive via a generic domain name are typically pre-qualified and interested. Wouldn't it be great if all your web-site visitors arrived pre-sold!

If you see a domain name that you are interested in leasing or purchasing then contact us at: sales@islandwharf.com
